

# FastTrack Onboarding ISO 42001

## WHY FAST TRACK?

With the growing use of AI, the need for governance, transparency, and ethics is also increasing. ISO 42001 is the new management system for responsible AI. Our FastTrack solution helps you quickly manage AI-related risks and demonstrate your compliance practices in the right way to build stakeholder trust.

## YOUR BENEFITS – IN SHORT

- **Monitoring:** Automated monitoring of controls related to AI risks.
- **Efficiency:** Ready-to-use templates and policy libraries to quickly establish an AI management system in accordance with ISO/IEC 42001.
- **Third-party risk management:** Assess and monitor third-party risks related to AI tools and data sources to ensure ethical and standards-compliant use.
- **Trust:** Demonstrate responsible AI usage to customers and regulators.
- **Fixed price:** Full cost transparency.

## RESULTS

- Facilitates compliance with ISO 42001 requirements
- Trust-building AI governance structure
- Strategic recommendations for sustainable AI usage
