

FastTrack Onboarding SOC 2

WHY FAST TRACK?

Companies delivering digital services face increasing demands from customers regarding data protection, privacy, and security. With SOC 2, you can demonstrate that your processes meet high security standards. Our FastTrack solution helps you quickly reach a SOC 2 certification-ready level without placing unnecessary strain on your internal resources.

YOUR BENEFITS – IN SHORT

- **Time savings:** Faster path to SOC 2 certification maturity — ideal for procurement processes or urgent customer demands.
- **Efficiency:** Automation of documentation and controls saves time and resources.
- **Trust:** Demonstrable IT security and regulatory compliance strengthen trust with stakeholders and customers.
- **Predictable cost:** FastTrack at a fixed price.

RESULTS

- Efficient and demonstrable SOC 2 compliance
- Reduced preparation time for audits
- Increased trust from customers and partners
